WELCOME TO THE 2015 NISSAN ALTIMA® DIGITAL BROCHURE

Full of images, feature stories, and all the specification and trim level information you need to help select your Altima®.

Click here to sign up for news and updates on the 2015 Altima®.
WOULDN'T IT BE COOL IF
YOUR DRIVE WAS THE
BEST PART OF YOUR DAY?

What if just taking an on-ramp gave you an adrenaline rush? Or if you had help knowing you're free and clear before changing lanes? What if the design of your seat made long trips feel less so? And your customized radio station came along for the ride? What about getting a thumbs-up from the valet as you pulled away from the curb? Now it's all possible. The 2015 Nissan Altima. Change the way you drive forever.
THE FEELING OF STOPPING.
AND LETTING THEM STARE.

Altima®, its deep creases and dramatic lines started on a designer’s sketchpad. Then it took an innovative metal-stamping process to bring them to life. Building something average would have been easier, but on any average day, isn’t it nice to have something that takes your breath away?
ZERO GRAVITY SEATS FOR COMFORT THAT’S OUT OF THIS WORLD.

Whether you’re on a cross-country road-trip or braving the daily commute, sitting in a car for too long can be fatiguing. To help you out, Nissan engineers looked to the cosmos where astronauts float weightlessly in Zero Gravity conditions.

Zero Gravity Seats – In the weightlessness of space, humans take a relaxed posture that minimizes stress on the body. To recreate this “neutral posture” when you’re behind the wheel, Nissan designed an articulated front seat that offers continuous support from the pelvis to the chest, along with seat cushions that flex in response to your unique pressure points. The result is a seat that’s amazingly comfortable and helps reduce fatigue, no spacesuit required.
Welcome to Altima. It’s been waiting for you. That’s because Altima’s available Remote Engine Start with Intelligent Climate Control not only starts the vehicle, it monitors outside conditions and automatically adjusts interior temperature to help you be more comfortable when you get in. It can even defrost the windshield, windows and mirrors. Now when you open the car door, it’s as if Altima was expecting you. And with details like available Dual Zone Automatic Temperature Control, and heated front seats and steering wheel, Altima’s interior makes you want to stay. Ready? Just press the Push Button Ignition, and you’re on your way.

State laws may apply; review local laws before using.

Click the button to find out how Altima’s Remote Engine Start System can make your day a little easier.

NISSAN ADVANCED DRIVE-ASSIST® DISPLAY
INNOVATION THAT’S RIGHT IN FRONT OF YOU.

Traffic jams. Soy chai lattes. Dinner plans. With so much going on around you, it’s easy to lose sight of what’s most important: driving. From turn-by-turn directions to caller ID, the Advanced Drive-Assist® Display serves up info right in front of you – helping to minimize time looking away. Plus, its intuitive 3-D depth and tilt design helps you take it all in quicker. So you can focus on what really matters.

1 Information displayed is dependent on how vehicle is equipped. 2 Driving is serious business and requires your full attention. If you have to use the feature while driving, here are reminders: Be safe and avoid distractions. Always keep your eyes on the road. 3 Never program while driving. GPS mapping may not be detailed in all areas or reflect current road status. 4 LDW operates only when the lane markings are clearly visible. Speed limitations apply. See Owner’s Manual for details. 5 TPMS is not a substitute for regular tire pressure checks.
YOUR WORLD, AT YOUR FINGERTIPS.

With NissanConnect™ with Mobile Apps, your Altima® becomes your smartphone’s best friend. Which means no more separation anxiety for you. Because now, your own hand-picked music, Facebook® news feed, and more all come along for the ride, working seamlessly together through your smartphone and Altima®’s available 7-inch color touch-screen. And it keeps on getting better: the basic app package is included for the first three years.¹

¹Driving is serious business. Only use NissanConnect™ services when safe to do so. Subscription Agreement required. Compatible smartphones required. Not all apps are available for all models. Some apps have late availability. May require smartphone and software upgrades to activate. Never program while driving. GPS mapping may not be detailed in all areas or reflect current road regulations. Cellular network not available in all areas. Cell phone service, data plans, and roaming charges apply. Cultivate network availability and coverage varies by location. Always obey the laws and your state or local authorities. Apple and iPhone are trademarks of Apple Inc. Google, Google Play, Android, and other marks are trademarks of Google Inc. SiriusXM, XM, and other marks are trademarks of SiriusXM Radio Inc. Pandora and the Pandora logo are registered trademarks of Pandora Media, Inc. iHeartRadio is a trademark of Clear Channel Broadcasting Inc. Pandora logo is a registered trademark of Pandora Media. SiriusXM, XM, and all related marks and logos are trademarks of Sirius XM Radio Inc.

²Never program while driving. GPS mapping may not be detailed in all areas or reflect current road status.

³Use the text messaging feature after stopping your vehicle in a safe location. If you have to use the feature while driving, exercise extreme caution at all times so full attention may be given to vehicle operation. iPod® is a registered trademark of Apple, Inc. All rights reserved. iPod® not included.

4Availability of specific features is dependent upon the phone’s Bluetooth® support. Please refer to your phone Owner’s Manual for details. Bluetooth® word mark and logos are owned by Bluetooth SIG, Inc., and any use of such marks by Nissan is under license.

5Driving is serious business and requires your full attention. If you have to use the connected device while driving, exercise extreme caution at all times so full attention may be given to vehicle operation.
YOU CAN COUNT ON GREAT HIGHWAY FUEL ECONOMY.

Extensive refinements to Altima’s 4-cylinder engine and Continuously Variable Transmission help ensure exceptional highway fuel economy, along with amazingly smooth power delivery as you breeze past the pump.

4-cylinder Engine. Choose the 182-hp 4-cylinder engine and get more than just spirited performance. The advanced intake system optimizes the opening of intake valves at high rpm to keep the torque curve flat, giving you smooth power while contributing to the impressive highway fuel economy.

Xtronic CVT (Continuously Variable Transmission). Say goodbye to fixed gear ratios and hello to a new kind of CVT. In the newest version of our CVT, friction is reduced by up to 40% and the ratio coverage is increased to greater than that of some 8-speed automatics. What does that mean behind the wheel? Better acceleration and fuel economy, plus performance that feels like you’re riding a continuous wave of power.

AMAZING ACCELERATION.

What if your daily drive got an adrenaline boost? Altima’s V6 engine not only gives you incredible acceleration, but its Xtronic CVT features three modes for a more customized driving experience, including paddle shifters for some Formula 1-style action sporty fun.

V6 Engine. Nissan’s legendary 3.5-liter, 270-hp V6 engine treats you to sports-car-like performance and a cool 22 highway MPG that keeps you right at home in the carpool lane. Part of the engineering magic is Continuously Variable Valve Timing Control System (CVTCS), which means power is always on tap – off the line, or passing – for a ride as thrilling as it is efficient.

Xtronic CVT with Paddle Shifters. Customize your ride with three modes. Pick Drive for every day, Ds for a sportier “shift” feel, or go hands-on with the paddle shifters. Unique to the V6, the available paddle shifters are mounted right on the steering column, putting precise shifting control at your fingertips. No clutch needed. Just pull a paddle and your “gear” changes on command, giving you an experience that’s the best of both worlds.
What if your car knew when you were cornering—and how to respond to your commands? That’s the kind of intuitive response we’ve engineered into every Altima®. So you can enter a corner with more confidence, and exit with a big grin.

**Active Understeer Control.** This innovative technology helps improve control when you take a corner. It reads the cornering situation and, if needed, will imperceptibly brake the appropriate wheel to help you steer through the turn.

**Suspension.** Altima®’s rear multi-link suspension is designed for exceptional agility. You’ll feel it especially in the corners, when the layout of the suspension allows the rear wheels to turn slightly to match the front—giving you the sensation of riding on rails.

**Shocks.** Altima®’s luxury sedan-inspired shocks significantly reduce vibrations for a smooth, flat ride. A rebound spring inside of each shock absorber makes for minimal roughness and more secure cornering, combining great performance with great ride comfort.
MONITOR
Smart technologies are designed to help monitor conditions. Like a warning to let you know you’re straying from your lane, or a system that helps ensure you’re travelling on properly inflated tires.

Standard Tire Pressure Monitoring System with Easy-Fill Tire Alert
Let's you know when a tire is low. And Easy-Fill Tire Alert takes the guesswork out of filling your tires, with a beep of the horn when you’ve reached the correct pressure.

Available: Smart Auto Headlights, RearView Monitor, Blind Spot Warning, Lane Departure Warning and Moving Object Detection

RESPOND
Whether you need to hit the brakes hard or maneuver around an unexpected obstacle, these standard technologies help you respond to a potentially harmful situation.

Vehicle Dynamic Control helps you maintain your steered path.
Traction Control System helps reduce wheelspin in low-traction situations.
Anti-lock Braking System helps you maintain steering control around obstacles while braking heavily.
Electronic Brake force Distribution sends extra force to the rear brakes when you have additional weight of passengers or cargo in the back.
Brake Assist helps apply maximum braking force if it detects hard braking and senses you are in an emergency situation.

NISSAN SAFETY SHIELD® PHILOSOPHY

INNOVATION THAT LOOKS OUT FOR YOU.

Wouldn’t it be cool if you had the confidence you need for every part of your drive? The Nissan Safety Shield® is a comprehensive approach to safety that guides the engineering and development of every vehicle we make.

NISSAN SAFETY SHIELD® PHILOSOPHY

PROTECT
When a collision is unavoidable, Nissan’s Zone Body construction helps absorb the impact while the advanced seat belt and air bag systems help protect passengers.

Nissan Advanced Air Bag System with dual-stage supplemental front air bags with seat belt and occupant-classification sensors
Front seat-mounted side-impact supplemental air bags
Roof-mounted curtain side-impact supplemental air bags
LATCH System (Lower Anchors and Tethers for Children)

Looking for the right CRS for your Nissan? Click the button to see how Snug Kids can help. Or go to bit.ly/NissanSnugKids

1 TPMS is not a substitute for regular tire pressure checks. 2 Vehicle must be on for the Easy-Fill Tire Alert to operate. 3 Parking aid/convenience feature. Cannot completely eliminate blind spots. May not detect every object and does not warn of moving objects. Always check surroundings and turn to look behind you before moving vehicle. 4 Blind Spot Warning is not a substitute for proper lane change procedures. The system will not prevent contact with other vehicles or objects. Always check your mirrors and look before changing lanes. Speed limitations apply. See Owner’s Manual for details. 5 LDW operates only when the lane markings are clearly visible. Speed limitations apply. See Owner’s Manual for details. 6 MOD cannot completely eliminate blind spots and may not detect every object. MOD operates at vehicle speeds below 5 mph. Always check surroundings and turn to look behind you before moving vehicle. 7 VDC, which should remain on when driving except when freeing the vehicle from mud or snow, cannot prevent accidents due to abrupt steering, carelessness, or dangerous driving techniques. 8 Brake Assist is only an aid to assist the driver and is not a collision warning or avoidance device. It is the driver’s responsibility to be in control of the vehicle at all times. Air bags are only a supplemental restraint system; always wear your seat belt. Even with the occupant-classification sensor, rear-facing child restraints should not be placed in the front-passenger’s seat. All children 12 and under should ride in the rear seat properly secured in child restraints, booster seats, or seat belts according to their size. Air bags will only inflate in certain accidents; see your Owner’s Manual for more details. Inflated air bags shown for illustration purposes only; actual coverage area may differ. Air bags deflate after deployment. Nissan safety engineers have dedicated thousands of hours to evaluating hundreds of child restraints in Nissans. The result: An industry first, The Snug Kids® Child Safety Seat Fit Guide. This guide lists child seats that fit the rear seats of Nissan vehicles, as well as offers invaluable tips on correct installation. Look for the latest Fit Guide at NissanUSA.com/SnugKids.
NISSAN SAFETY SHIELD® TECHNOLOGIES
INNOVATION TO HELP DOUBLE CHECK YOUR DOUBLE CHECK.

Wouldn’t it be cool if your car had your back? Whether you’re changing lanes on the highway or deftly maneuvering your way into a parking spot, Altima’s available Safety Shield® technologies take advantage of the rearview camera and act as a second set of eyes, giving you a whole new way to double check.

Blind Spot Warning. If another vehicle is detected in your blind spot area, an indicator appears in the driver’s or front passenger’s doors and on the Advanced Drive-Assist® Display. Put your turn signal on, and the indicator flashes with a warning chime to alert you.¹

Lane Departure Warning. If Altima® detects that you’re straying from your lane, the Lane Departure Warning system will give both a visual and audible alert. The system is so smart, it’s designed to stop the warnings whenever your turn signal is engaged.²

RearView Monitor with Moving Object Detection. Shift into Reverse, and the available next-generation RearView Monitor displays what’s directly behind you. If it detects something moving by the rear of the vehicle when you’re in Reverse, it gives a visual and audible alert. And whenever you want a wider rear view, just push the camera button.³, ⁴

¹Blind Spot Warning is not a substitute for proper lane change procedures. The system will not prevent contact with other vehicles or accidents. It may not detect every vehicle or object around you. ²LDW operates only when the lane markings are clearly visible. Speed limitations apply. See Owner’s Manual for details. ³Parking aid/convenience feature. Cannot completely eliminate blind spots. May not detect every object and does not warn of moving objects. Always check surroundings and turn to look behind you before moving vehicle. ⁴MOD cannot completely eliminate blind spots and may not detect every object. MOD operates at vehicle speeds below 5 mph. Always check surroundings and turn to look behind you before moving vehicle.

GENUINE NISSAN ACCESSORIES.

Every Genuine Nissan Accessory is custom-fit, custom-designed and durability-tested. Each one is backed by Nissan’s 3-year/36,000-mile (whichever occurs first) limited warranty on Genuine Nissan Replacement Parts, Genuine NISMO® S-Tune Parts, and Genuine Nissan Accessories for the longer of 12 months/12,000 miles (whichever occurs first) or the remaining period under the 3-year/36,000-mile (whichever occurs first) Nissan New Vehicle Limited Warranty. Terms and conditions apply. See Warranty Information Booklet for details.

A. Fog Lights
   - Help light your way in rain, sleet, or snow.

B. Moonroof Wind Deflector
   - Get your blue sky with less noise.

C. Rear Decklid Spoiler
   - May the downforce be with you.

D. All-season Floor Mats
   - Skip the mud, and other messes.

E. Illuminated Kick Plates
   - Fewer scuffs and a grand entry, every time.

F. In-mirror RearView Monitor
   - For an enhanced look at what’s directly behind you.

G. External Ground Lighting

H. Interior Accent Lighting
   - Add a warm glow to the mood.

Additional Accessories:
- 16” Aluminum-alloy Wheels
- Chrome Body Side Moldings
- Body Side Moldings
- Carpeted Floor Mats
- Carpeted Trunk Mat
- Trunk Protector
- Hideaway Trunk Net
- Trunk Sub-floor Organizer
- Chrome Rear Bumper Protector
- Nose Mask
- Remote Engine Start System
- And More

CHOOSE YOUR TRIM LEVEL

4-CYLINDER ENGINE

2.5

2.5-liter DOHC 16-valve 4-cylinder engine, Xtronic CVT® (Continuously Variable Transmission), Active Understeer Control, Vehicle Dynamic Control (VDC), Traction Control System (TCS), remote keyless entry with Push Button Ignition, Advanced Drive-Assist® Display, Bluetooth® Hands-free Phone System® and streaming audio via Bluetooth® wireless technology.

KEY AVAILABLE PACKAGES:
- Display Audio Package
- Sport Value Package
- Power Driver’s Seat Package

2.5 S

INCLUDES 2.5 EQUIPMENT PLUS:

Nissan Intelligent Key®, Tire Pressure Monitoring System (TPMS) with individual tire pressure display and Easy-Fill Tire Alert, AM/FM/CD audio system with six speakers, air conditioning with in-cabin microfilter, Smart Auto Headlights, cruise control with steering wheel-mounted controls, sun visors with illuminated vanity mirrors and extensions

KEY AVAILABLE PACKAGES:
- Convenience Package
- Technology Package
- Cold Weather Package

2.5 SV

INCLUDES 2.5 S EQUIPMENT PLUS:

17” Aluminum-alloy wheels, fog lights, Dual Zone Automatic Temperature Control (ATC), Remote Engine Start System with Intelligent Climate Control, RearView Monitor, 8-way power adjustable driver’s seat, driver’s seat power adjustable lumbar support, upgraded audio system with 6” color display and speed-sensitive volume control, UBB connection port for iPod® interface, SiriusXM® Satellite Radio® with Mobile Apps, hands-free text messaging assistant, diversity antenna, leather-wrapped steering wheel, driver’s seatback pocket

KEY AVAILABLE PACKAGES:
- Moonroof Package
- Technology Package
- Cold Weather Package

2.5 SL

INCLUDES 2.5 SV EQUIPMENT PLUS:

Leather-appointed seats, Bose® Premium Audio System with nine speakers, wood-tone trim (Beige interior) and metallic-tone trim (Charcoal interior), rear passenger air conditioning vents, heated steering wheel, 4-way power front-passenger’s seat, heated front seats, LED taillights, manual folding outside mirrors with LED turn signal indicators, heated outside mirrors, HomeLink® Universal Transceiver, auto-dimming inside rearview mirror, adjustable rear head restraints, leather-wrapped shift knob, passenger-side front-window one-touch auto-up/don, side cargo net

KEY AVAILABLE PACKAGES:
- Moonroof Package
- Technology Package

V6 ENGINE

3.5 SL

INCLUDES 2.5 SL EQUIPMENT PLUS:

3.5-liter DOHC 24-valve V6 engine, 18” aluminum-alloy wheels, paddle shifters and manual shift mode, High Intensity Discharge (HID) xenon headlights, Nissan Navigation System with 7” color touch-screen monitor and Voice Recognition, SiriusXM® Traffic and Travel Link®, Blind Spot Warning (BSW), Moving Object Detection (MOD), Lane Departure Warning (LDW), front and rear sonar sensors, power sliding glass moonroof with one-touch open/close and tilt feature

KEY AVAILABLE PACKAGES:
- Moonroof Package
You’ve decided which Altima® Sedan you want, now here comes the best part: deciding what it’s going to look like. Choose your favorite color and then pick from the available interiors based on the model of your choice.

Nissan's environmental action plan focuses on several key areas. Increasing production of Zero Emission vehicles, including the 100% electric LEAF®. Improving fuel efficiency through our PUREDRIVE™ measures. And reducing the environmental impact of manufacturing, as seen at our energy-efficient, low-emissions paint plant in Tennessee. For more information, log on to NissanUSA.com/green.
