

This does not constitute tax advice. All persons considering use of available incentives should consult with their own tax professional to determine eligibility, specific amount of benefit available, if any, and further details.

STATE OF NEW JERSEY

High Occupancy Vehicle (HOV) Lane Exemption

Short Description: New Jersey Turnpike Authority (NJTA) allows hybrid electric vehicles (HEVs) and alternative fuel vehicles (AFVs) to travel in the HOV lanes on the New Jersey Turnpike. AFV includes vehicles operating on electricity.

Beneficiary: Driver of a properly licensed qualified electric vehicle registered in the State of New Jersey

Type of Incentive: Transportation Benefit

Effective Dates: Current Benefit, No Sunset Date

Value of Benefit: Non-cash benefit. In order to qualify, an applicant must complete the clean plate application form

Full Description:

New Jersey Turnpike Authority (NJTA) allows hybrid electric vehicles (HEVs) and alternative fuel vehicles (AFVs) to travel in the HOV lanes between Interchange 11 and Interchange 14 on the New Jersey Turnpike. Permitted AFVs must operate on electricity, methanol, ethanol, natural gas, liquefied petroleum gas, hydrogen, coal derived liquid fuels, or fuels derived from biological materials. Any other federally approved AFVs are also permitted to use the NJTA's HOV lanes. For a complete list of eligible HEVs, see the New Jersey Turnpike Authority Web site.

Statute: N/A
