

Nissan iPod® Interface

Nissan now offers the ultimate mobile multimedia experience to access and control your entire iPod music library at the touch of your radio. The iPod interface was designed exclusively for your Nissan vehicle (available on select models) and is installed at your dealership. iPod sold separately.

BRING YOUR TUNES ALONG ON YOUR NEXT NISSAN ADVENTURE.

Advantages of the Nissan iPod® Interface

- ▶ Fully Integrated Control And Connectivity To Your Vehicle's Radio
 - Control your iPod music through the radio or steering wheel controls
 - Navigate through playlists and tracks, skip up or down, and shuffle a playlist
 - Sort music by category (Genre, Artist, Album or Song)
 - Listen to your personal music with superior audio quality in the comfort of your Nissan vehicle
 - Your iPod fits in your vehicle's glovebox
 - iPod controls are disabled while connected to help minimize driver distraction
 - Charges your iPod while in use
- ▶ Available on select 2004 through 2006 Nissan models. See dealer for details.
 - System works with third generation iPods or later with dock connectors: iPod first generation, second generation, and Shuffle are not compatible. iPod third generation and above, Mini and Nano (all with 30 pin connector) are compatible
 - Please update your iPod with the most current software produced by Apple. Please see your Apple iPod retailer or the Apple website for details

Why Choose Genuine Nissan Accessories?

- They're backed by Nissan's limited 3-year/36,000-Mile Parts and Accessories warranty when installed at the time of vehicle purchase.*
- Finance Genuine Nissan Accessories when you finance your vehicle, adding a nominal fee to your monthly payment.
- They're supported by more than 1,000 dealers nationwide.
