that excites**

Welcome to the Nissan Security+Plus[®] Paintless Dent Repair Protection Plan

With Nissan Security+Plus[®] Paintless Dent Repair (PDR) Protection Plan it couldn't be easier to remove door dings and small dents without the need for expensive and time consuming body shop repairs.

Using a technique developed by automotive manufacturers, paintless dent repair works from behind the vehicle exterior to repair damage without sanding, painting, or body fillers. The innovative PDR process uses specialized hand tools to manipulate and flex metal back to its original form. In most cases, there is no evidence that a dent ever existed.

Repairs are fast and friendly. In fact, most PDR repairs can be completed in about the time required for an oil change.

Benefits of the Nissan Security+Plus Paintless Dent Repair (PDR) Program

- Developed by automotive manufacturers
- Works from behind the vehicle exterior
- No sanding, painting or body fillers
- Repairs are fast and friendly

In most cases, Paintless Dent Repair can be an extremely effective option for small dents and dings damages.
