Get ready to tackle the big jobs with 310 horsepower and a 9-speed automatic. And that means loads of capability, work or play. On-road or off. So load it up! Hitch it up – and make bigger plans. The 2021 Nissan Frontier.®

Nissan Frontier® King Cab® SV 4x2 shown with optional equipment.
Whether you're on the job or on the go, Frontier offers features that take things up a notch. Embrace a great-looking interior with standard Push Button Ignition, plus an available sporty, leather-wrapped steering wheel with cruise control and audio adjustments. Crank up the ten-speaker Rockford Fosgate®-powered audio. Make and take calls with your hands on the wheel using the Bluetooth® Hands-free Phone System. And get things the way you like it with available Dual Zone Automatic Temperature Control.

Surround yourself with the best.
With the available 4x4 system, you can choose between 2WD, 4H, and 4LO, to help maximize fuel efficiency on the highway and get serious off-road capability on command. Available four-wheel Active Brake Limited Slip (ABLS), hill start assist and hill descent control help you conquer even the roughest terrain.

When equipped with the available Utilitrack® Channel System, Frontier offers the most bed rails in its class. This system is fully equipped to help keep just about any type of cargo secured. Five channels, four cleats, and a lot of thought about how people really use their trucks have created a system that’s simple, rugged, and offers near-infinite possibilities.

4x4 Capability

Best-in-class standard power
Pumping out a massive 310 hp, Frontier’s standard V6 is a powerhouse. Featuring responsive direct injection, and backed by a 9-speed automatic transmission, it’s got performance you can depend on, day-in, day-out.

2021 Frontier® features plenty of payload and a maximum towing capacity of up to 6,720 lbs. Add in a full line of Genuine Nissan Towing Accessories, and you have a powerful choice for just about anything you need to do.

Put your cargo on lockdown

Four walls are stronger than three
Because four walls are stronger than three, Frontier features a full-length, fully boxed ladder frame. The frame is built with welded crossmembers and features super-high-tensile-strength steel. Stronger than conventional steel for increased torsional stiffness, it helps deliver improved performance, on- and off-road.

3.8-L V6 | 310 | 281

Nissan Frontier® is shown.
Nissan has taken care to ensure that the digital color swatches presented here are the closest possible representation of actual vehicle colors. Swatches may vary slightly due to viewing light or screen quality. Please see the actual vehicle and colors at your dealer.

NISSAN FRONTIER® ACCESSORIES

Turn brand-new into all you

Every Genuine Nissan Accessory is custom-fit, custom-designed and durability-tested. Each one is backed by Nissan’s 3-year/36,000-mile (whichever occurs first) limited warranty (if installed by dealer at the time of purchase), and can be financed when installed by dealer at time of purchase. Affiliated Yakima® accessories are not warranted by Nissan. Refer to product manufacturer for warranty details. Nissan Limited Warranty does not cover damages or failures to the vehicle caused by improper installation or alterations of any Nissan approved accessory or component. Contact your dealer/retailer for details.
A. Weight-distributing Hitch Ball Mount, Class IV™
   Tow big or go home.

B. PRO-4X® Carpeted Floor Mats
   It’s the ultimate Frontier. Treat it right.

C. Sliding Tool Box™
   Slide it forward when you’re on the move. Slide it back for easy access on the job.

D. Clear Door Edge Protectors™
   Keep the edge of your doors looking like new.

E. Bedliner
   Because your bed takes a beating.

F. Tow Hook
   Extra strength for sticky situations.

G. Bed Tent
   It’s your truck! It’s your campsite! It’s both!

H. Sliding Bed Extender™
   Ideal for the long haul.
