Go for the big jobs. The 2021 NV® Cargo High Roof and NV® Cargo Standard Roof ensure you’ll have two great ways to handle them. These are the kinds of vehicles you need to do business today: smart, tough, and more comfortable with available advanced and convenient technology. Try one or both of them – we think you’ll find they’re the perfect tool to get more work done.
The world at your fingertips

When the job changes, so does NV® Cargo. The flat loading floor can handle even the most cumbersome types of cargo. And with 54 inches between wheel wells, it has plenty of room for seriously wide items. There’s interior space for practically every project.4

Regardless of which model you choose, the standard roof with 234 cu. ft. of cargo capacity or the high roof with a massive 323 cu. ft. of cargo capacity, you’ll get more than enough capability to complete the job. And with extra-wide opening rear doors, loading and unloading that cargo couldn’t be easier.4

Your mobile office

When the driver’s seat needs to turn into an office chair, NV Cargo has you covered. With a flexible class-exclusive available multitasking center console, fold-down passenger seat, and plenty of power options, productivity never has to slow down.4, 5

When it comes to making the toughest business vans you can buy, we go the extra distance for you, and it’s no Sunday drive. We simulate years of corrosion, soaking a vehicle with salt, baking it, then pounding it around a test track. We wreak havoc with suspension and body components by driving through potholes, dips, and over 4 x 4 beams. Special chambers crank up the heat to 140° and humidity to 95% to break down seals and age interiors. Do we really need to go to such extremes? Yes, because every day, you depend on your Nissan Commercial Van to do your job. And that’s the motivation for us to do ours.

Going above and beyond is the Nissan way. After passing all of our brutal quality and durability testing, we’re sure you’ll have a van you can count on. To prove our confidence and our commitment, we are pleased to offer America’s Best Commercial Van Warranty, a bumper-to-bumper limited warranty for 5 years or 100,000 miles, whichever comes first. And that means we’ve got your back, so you can keep moving forward. For more details of the limited warranty, please go to NissanUSA.com or ask your Nissan Business Certified Dealer.

KEY BENEFITS FROM BUSINESS CERTIFIED DEALER:
- Priority Service with Next Available Bay and Next Available Technician
- Special Commercial Lending programs, including available lines of credit
- Dedicated Commercial Vehicles Account Manager to handle commercial customer transactions at your location
