Nissan Intelligent Mobility moves you one step ahead. In cars that feel like an extension of you, helping you see more and sense more, reacting with you, and sometimes even for you. Nissan Intelligent Mobility is about a better future - moving through life with greater confidence, excitement and connection to the world around you.

Vehicle technology is a fast-moving field, and the information in this brochure may not reflect the latest developments. Please see Owner’s Manual for important feature information. Intelligent ProPILOT cannot prevent all accidents and cannot resolve vision or thinking issues. Nissan’s driver assistance systems are neither a substitute for proper driving attention nor a replacement for driver effort. Always exercise caution and control of the vehicle. Always be prepared to assume full control of the vehicle at any time. Use for comparison purposes only. Cross over to progressive style and a commanding view of downtown. Commute with the confidence of driver assist technology that can respond to trouble before it messes with your plans.¹ Rain? Snow? Available Intelligent All-Wheel Drive is ready to react.² Seamlessly access podcasts, group chats, and more with available compatible smartphone integration.³ This is the 2021 Nissan Rogue Sport™.
With available Nissan ProPILOT Assist, Rogue Sport™ helps out with daily highway driving—following the car ahead at a preset distance, or helping keep you centered in your lane. It can even bring your Rogue Sport to a full stop based on the traffic flow, and can bring you back up to speed when traffic starts moving again.

The available Intelligent Around View Monitor helps you squeeze into that spot with your pride and wheels intact. It also gives you an on-screen alert when it detects moving objects near your vehicle.
