It’s time to level up

Raise your game with the 2023 Altima®, featuring a powerful available variable compression turbo engine that’s a world’s first.¹ Boost your tech with a massive new 12.3-inch touch-screen display and wireless connectivity.² ³ And with standard Nissan Safety Shield³ 360, your confidence is looking up, too.⁴ The exhilarating 2023 Nissan Altima. It’s right where you belong.

Nissan Altima® SR VC-Turbo® shown in Scarlet Ember Tintcoat with optional equipment.
Press on the gas of Altima® SR’s available turbo 4-cylinder and the pistons move to produce a lower compression ratio — similar to when a sprinter crouches to launch off the starting line. When you’re cruising, the engine transforms to a higher compression ratio, like a long-distance runner, conserving energy.

12.3-inch color touch-screen display and available wireless connectivity

Your favorite maps, apps, and more never looked better on Altima’s 12.3-inch color touch-screen display. It’s so large, it can even split the screen, so you won’t miss out. And with available wireless connectivity, you can kiss those cords and cables goodbye.

Wireless Apple CarPlay® integration

Wireless Android Auto® compatibility

Wireless charger

NissanConnect® with Wi-Fi Hotspot for up to 7 devices

Intelligent All-Wheel Drive

Snow day? Go day! Part of Nissan Intelligent Mobility, available Intelligent All-Wheel Drive continuously monitors road conditions and responds in an instant, sending power to the wheels that need it most.

248 horsepower

273 lb-ft of torque

34 hwy mpg

The world’s first production variable compression turbo engine

Press on the gas of Altima® SR’s available turbo 4-cylinder and the pistons move to produce a lower compression ratio — similar to when a sprinter crouches to launch off the starting line. When you’re cruising, the engine transforms to a higher compression ratio, like a long-distance runner, conserving energy.
Intelligent Around View® Monitor

Four cameras make parking easy with a virtual composite 360° bird’s-eye view of your Altima. You can select from split-screen close-ups of the front, rear, and curbside views for a better look. It also gives you an on-screen heads-up when it detects moving objects near your vehicle. We’re looking at you, shopping cart.

Nissan Safety Shield® 360

Nissan Intelligent Mobility is changing how you move forever with technology that makes you feel more connected, confident, and excited.

As part of Nissan Intelligent Mobility, Safety Shield 360 includes features that can help you see more, sense more, and can give you an assist when you need it. The following features come standard on every 2023 Nissan Altima:

- Automatic Emergency Braking with Pedestrian Detection
- Rear Automatic Braking
- Rear Cross Traffic Alert
- Blind Spot Warning
- Lane Departure Warning
- High Beam Assist

ProPILOT Assist

Enjoy the drive even more. With the groundbreaking ProPILOT Assist, your Altima helps keep you centered in your lane, and following the car ahead at a preset distance. It can even bring your Altima to a full stop based on the highway traffic flow and can bring you back up to speed when traffic starts moving again.

- Helps keep you centered in gentle curves
- Maintains your preset speed and distance
- Can even come to a complete stop

Four cameras make parking easy with a virtual composite 360° bird’s-eye view of your Altima. You can select from split-screen close-ups of the front, rear, and curbside views for a better look. It also gives you an on-screen heads-up when it detects moving objects near your vehicle. We’re looking at you, shopping cart.
