This ultimate family SUV is designed for what adventures lie ahead. Weekends at the cabin, city escapes, days at the lake, you name it. Capability is at the core of every new Rogue. The available Intelligent All-Wheel Drive system helps give you the traction you need to go from street to dirt to snow, including five Drive Modes, available with the twist of a dial.13

Off-Road Mode The real fun starts when smooth pavement turns to gravel. Available Off-Road Mode is uniquely tuned to help you get up to speed. By balancing the transmission and throttle response, Rogue tailors your off-road experience for maximum confidence.13

Snow Mode Who doesn’t love fresh snowfall? Rogue sure does. Get the most out of your next snow day with available Snow Mode, engineered to help you make fresh tracks. It knows to back off on the throttle and shift to a higher gear ratio, helping you stay in control.13

Eco Mode Get more miles between fill-ups. Switch it to Eco Mode to help increase your fuel economy. When selected, engine and transmission controls change to help you drive as efficiently as possible.13, 14

Sport Mode Feeling sporty? Dial up Sport Mode, and the Rogue responds with tighter steering and sharper throttle response. You respond with growing confidence and huge grins as you enter every twist and turn.13
The new Rogue® is arguably the perfect getaway SUV. The Variable Compression Turbo (VC-Turbo®) engine that powers Rogue has the capability to take you far. It delivers low-compression, turbocharged power and high-compression, fuel-sipping efficiency. An abundance of power combined with long-distance efficiency just might be the perfect match.

Available HD Enhanced Intelligent Around View® Monitor

Rogue helps make fitting into tight parking spots easier with the available HD Enhanced Intelligent Around View Monitor. It gives you a virtual composite 360° birds-eye view, and it even lets you interact with the image, spin it around, and select from one of eight fixed 3D views for the best angle. You can select from split-screen close-ups of the front, rear, and curbside views to get the best possible fit. No more scraping tires.

Efficiency, meet power

Traffic conditions are constantly changing. Rogue can help you adapt.
