

This does not constitute tax advice. All persons considering use of available incentives should consult with their own tax professional to determine eligibility, specific amount of benefit available, if any, and further details.

## STATE OF MINNESOTA

# Electric Vehicle Charging Rate Reduction and Rebate- Connexus Energy

**Short Description:** Connexus Energy offers reduced electric rates for customers who charge Electric vehicles. Connexus Energy also offers a \$500 rebate to residential customers towards the installation on a qualified Level 2 Charger.

**Beneficiary:** Connexus Energy Customer and Owner of Electric Vehicle

**Type of Incentive:** Reduced Rate of Electricity, Home Charging Incentive

**Effective Dates:** Current Benefit, Must submit EVSE rebate application by December 31, 2017

**Value of Benefit:** Offers a reduced time of use rate for electric vehicles, \$500 rebate for installation of a Home Electric Vehicle Charger

**Full Description:** Connexus Energy offers reduced electric rates to residential customers in their service territory who charge electric or plug-in hybrid electric vehicles. To participate, customers may contact their own electrician or Connexus Energy's electrician to install the metering equipment. The meter must be permitted and inspected. Customers are also offered a \$500 rebate for the installation of a qualified Level 2 EVSE. Eligible applicants must enroll in a time-of-use rate. Customers must submit applications by December 31, 2017. For more information, see Connexus Energy's Electric Vehicle page.
