

This does not constitute tax advice. All persons considering use of available incentives should consult with their own tax professional to determine eligibility, specific amount of benefit available, if any, and further details.

STATE OF CALIFORNIA

ELECTRIC VEHICLE SUPPLY EQUIPMENT (EVSE) REBATE- LOS ANGELES DEPARTMENT ON WATER AND POWER (LADWP)

Short Description: The Los Angeles Department of Water and Power (LADWP) provides rebates to commercial and residential customers toward the purchase of Level 2 or DC fast charge EVSE.

Beneficiary: Customers within the LADWP service area who purchase or lease a new or used EV and install an EVSE

Type of Incentive: Home Charging Incentive

Effective Dates: Current Benefit through June 30, 2021

Value of Benefit: Up to \$500

Full Description: The LADWP has updated its electric vehicle (EV) charger rebate program that seeks to expand EV charging infrastructure for the home and workplace. "Charge Up L.A.!" rebates are available to the LADWP residential and commercial customers, including multi-family building owners, who install qualified Level 2 chargers (240-volt) within the LADWP's service area, which includes the City of Los Angeles and parts of the Owens Valley. Residential customers are reimbursed up to \$500 per wall-mounted charger.
